Agenda 3.c.2

Concept: Create a civil infraction which would impose a fine or fee up to \$500.00 on a public body, or an individual public body member, for violation of the OML. Create a new limitation period of 1 year for enforcement of the fine for violation(s) of the OML. Limitation period to run from date of the infraction. Multiple violations by an individual or the public body could result in a greater penalty amount. Designate the Attorney General to authorize and bring any action seeking a penalty under this scheme.
